The Naked Launch

We love Rasha Kahil's photography series "In Your Home", for which she's been secretly taking nude self-portraits in other people's homes for the past three years. After having been exhibited in Beirut and Istanbul, "In Your Home" is finally showing in London at Art First Projects gallery (October 13-November 12), in a two-person show with artist Liane Lang. Catch the opening this Thursday on gallery hotspot Eastcastle Street.
